

August 20, 2024

To Whom It May Concern,

My name is Kristina Swenson. I am writing this letter of recommendation for Alexa Thompson, who I have had the pleasure of working with during the Summer of 2024 at Bay Cliff Health Camp. She was our recreation instructor and as a camp counselor, I worked closely with Alexa. I was given a deep insight of what makes her a person and someone who would be invaluable to have as a colleague. I strongly believe that whatever position she is applying to, she would become an invaluable employee to your company.

Alexa has many great attributes but one that separates her from others, is her passion and ability to see the best in every situation. She knows when to ask her colleagues for advice to make her be better at her job. There were times throughout the summer that she came to me or other counselors and asked us what the best activity for our boys would be that we were in charge of. Alexa takes any critiques into consideration, uses it to be improve herself in the workplace.

All in all, within the one summer that I spent with her, I would recommend Alexa Thompson for whatever position she applies to. She is exceptionally insightful which further proves her successful track record. As a reminder, Alexa is very passionate about what she does and how she does it and will be an excellent asset to have on.

Sincerely,

Kristina Swenson
