To whom it may concern,

I am pleased to be recommending Alexa Thompson for employment with you. I worked closely with her over the summer of 2024 at Bay Cliff Health Camp during therapy camp and during post camp. I can confidently back her as an employee and a wonderful colleague.

As an employee Alexa was a valuable team member. She has a wonderful ability to work with anyone, and provided great ideas and insightful input to our plans and activities throughout the summer. She was wonderful about taking feedback and works hard to make sure she is being accepting, and supportive of the people around her.

As I began to fully take over housekeeping duties in August during post camp, she was an auxiliary aide, and proved to be reliable and efficient at helping me prepare the camp for our expected camps and guests. I was confident the work that I needed done was getting done well and quickly, whether it was making beds or cleaning spaces to close down. If she needed something she was good about reaching out to ask for what she needed before she needed it.

Please do not hesitate to contact me with any questions you may have,

Jo LaBarge
